## **PSW-10-F**

### **Features:**

- Power Supply 24Vdc.
- Output Current of 1.0A.
- DC Output OK Signal.
- Mains Input 100~264Vac.
- Short Circuit, Voltage & Current Overload Protection.
- Isolated output floats close to earth potential.
- Compact DIN rail mount enclosure.
- Very Low cost.

**PRICE: \$49.00 ex GST.**

## SPECIALS OF THE MONTH

Watch this space for good deals, month specials and more! We have exciting new products and oldies in case you want to get a bargain!\*

This month we have the following specials:

### Nivelco Intrinsically Safe Current Loop Isolators.

#### Features:

- Intrinsically safe isolation.
- Powered supply for transmitters.
- 20~35Vdc supply voltage.
- 4-20 mA, HART communications.
- Up to 1  $\mu$ A transmission accuracy.
- Galvanic isolation >2kV.
- Rail mountable.

Two Models Available:

#### Model PGK-301-A

Intrinsically safe isolator, 4~20mA output.

**PRICE: \$155.00 ex GST\***

#### PGK-301-B

Intrinsically safe isolator, 4~20mA + HART output.

**PRICE: 195.00 ex GST\***

*\*Net price while stocks last. Specials continue until 2nd September 2016.*
